

Sandbach concert series

Information for Head Teachers, Music Teachers and Schools

Sandbach Concert Series is a **non-profit arts organisation** run entirely by volunteers. It was started in 2010 and has been very successful and well attended. We have eight concerts a year at St Mary's Church Hall with a deliberately early start and finish time, as well as reasonable ticket prices to encourage more families and younger people to attend classical music concerts.

The structure of every concert is the same with a half hour Spotlight concert by young musicians, followed by a half hour interval with an art exhibition by a local artist as well as a raffle to support a local good cause, and then a one hour concert by top class professional musicians. This Concert Series is **unique in the UK** and has been well received by musicians and the local community alike.

VIP representatives from the local councils often attend and sometimes the local MP when her schedule permits. As well as ticket entry, the Series is **funded** by Sandbach Town Council, the Arts Council; and the voluntary work of the hard working volunteers.

Please use the Concert Series to **showcase** the music of **your students**. Look at our website to see the forthcoming professional musicians that have been booked as we usually try to schedule Spotlight musicians with similar instruments or sound. Our Spotlight Director Kevin Birch (kevinbirch60@gmail.com) co-ordinates the Spotlight concerts.

The eight concerts each series are on the **last Wednesday of the month** in September, October, November, February, March, April, May and June. Doors open at 6.30pm and each event ends by 9pm. Spotlight Rehearsals are between 5.15pm to 6.15pm.

Music teachers providing Spotlight participants, and **Artists**, have complimentary entry and are encouraged to stay and enjoy the whole concert. For fire and safety reasons, all participants, volunteers, music teachers need to sign in on arrival at front desk and to sign out on exit.

Please share news of Sandbach Concert Series in your publications to parents, especially if you your students are taking part. After all, the aim of the Concert Series is to bring classical music to a younger audience. Concert information is kept on our website:
